

MGF DOOR RELEASE ESCUTCHEONS FITTING INSTRUCTIONS

BGF9031

The method for fitting your new octagonal door release escutcheons is as follows:

- Insert the back of a table knife / spatula under the edge of the original plastic escutcheon and carefully lift it upwards until it can be gripped in the fingers.
- Lift over the door lock plunger and off the door.
- Simply push the new alloy escutcheon over the plunger and down onto the door, aligning one straight edge of the octagon with the edge of the draught excluder at the top of the door.
- Repeat this procedure for the other door and the job is complete.

BROWN & GAMMONS Ltd, 18 High Street, Baldock, Herts, SG7 6AS
